PROGRAMME CHAIR'S MESSAGE

Dear Student

It is indeed a pleasure to present before the nation builders the prospectus of 2021-23 PGDM (FM) programme.

The ultimate touchstone of management education is the quality of culture pervading the Institution. Today, management education stands at the crossroads of keeping pace with the emerging needs of humankind and sustainability alongside the fast changing trends in governance, technology and public financial management. It is against this backdrop that the present programme has been designed. It may be added that Government of India set up this Institute in 1993 with the objective of imparting specialized education and training in the domain of public financial management and related subjects to the Government officers in and outside India.

The Post-Graduate Diploma in Management (Financial Management) is a two year regular programme, duly approved by the All India Council for Technical Education (AICTE). It is designed for the officers working in the Government and the Corporate Sector. The pedagogy is updated on regular basis. The Programme has been gaining increasing acceptability from all the sectors.

With a view to make the programme more suitable and enable it to expand the knowledge horizon of the participants, the programme will expose the participants with national and international best practices. This will be possible as the programme has an in built international attachment for a two week period and a domestic attachment for one week. Some of the earlier batches of PGDM (FM) were attached with Seneca College, Toronto, Canada for two weeks duration for international attachment. As regards domestic attachment the participants of earlier batches were exposed to the important player of financial market at Mumbai.

I, as the Programme Chair, request the esteemed organizations to nominate their officers for joining this prestigious programme of AJNIFM and assure them of the best learning environment and experience.
